

**Marilynn Meyer – CCLTOA Board Candidate**

**Although I am a CA Real Estate Broker – DRE # 00459901 – taught real estate classes at Sacramento City College, founded Calif Lobby and obtained a BA from CSUS in 1986, my most important qualification to be a Board Member is that I commit to following the law – CCLTOA Governing Documents - CA Corp Code and Davis Stirling Act.**

- 1. The Governing Documents do not need to be revised because they are outdated any more than the US Constitution is outdated.**
- 2. CCLTOA needs to manage itself. We should have Committees that meet, have minutes and function monthly.**
- 3. The Copper Cove Web needs to be exclusive to members and not open to the world to read our business.**
- 4. Debris Burning should be eliminated as it causes wild fires, health problems for folks with heart and lung issues.**
- 5. The Board should not be about ruling over the membership, but allowing the entire membership to be heard and matter.**

**The Election Cancellation was due to the Board allowing the last Ballot to go out with a Candidate that owned no property in CCLTOA and write ins which is forbidden in our Election Rules 2013.**

**I emailed the Board and CID Consortium and Attorney Jacobsen the fact that the Election/Ballots were Fraudulent BEFORE Aaron Green office manager put the Ballot together and mailed them out.**

**If anyone wishes to have a copy of that email, I will email it you. 916-444-2020. If elected I will be available 24/7 to the membership at [marilynnmeyer@cs.com](mailto:marilynnmeyer@cs.com)**
